THIRD DRAFT

FILE NO. 70-74-2 RESOLUTION NO. 1-75

URGING CITY PLANNING COMMISSION TO AMEND OPEN SPACE MASTER PLAN TO INCLUDE BILLY GOAT HILL AND TO CONSIDER ACQUISITION OF HILL ~~[illegible]~~ BY ANY APPROPRIATE MEANS FROM REDEVELOPMENT AGENCY.

WHEREAS, The property on Diamond Heights, which is known as Billy Goat Hill and is bounded generally by Beacon, 30th, Castro, and Liddley Streets, is an area of natural open space highly valued by its surrounding residents; and,

WHEREAS, Billy Goat Hill is the last remaining parcel of undeveloped land in the entire area, and there are no parks within walking distance of the immediate community; and,

WHEREAS, The Redevelopment Agency, to whom the property belongs, has forestalled its plans for multi-residential development because of opposition from the neighboring residents who feel strongly that the Hill should be preserved as open space; and,

WHEREAS, The Redevelopment Agency now supports the concept of retaining the Hill in its natural state and is willing to forego its plans for development; and,

WHEREAS, The Agency, in order to meet a financial commitment to the Department of Housing and Urban Development (HUD), still must receive fair market value for the property, regardless of its final disposition as open space or residential development; ~~[illegible]~~ now, therefore, be it

~~WHEREAS, The City's Open Space Acquisition and Park Renovation Fund, which was created by passage of Proposition J on the November, 1974 ballot, is the most logical and appropriate source of funds for the purchase of Billy Goat Hill from the Redevelopment Agency; now, therefore, be it~~

RESOLVED, That the San Francisco Board of Supervisors does hereby urge the City Planning Commission to amend the Open Space Master Plan to include Billy Goat Hill; and, be it

FURTHER RESOLVED, That this Board of Supervisors does hereby urge the Recreation and Park Commission and the City Planning Commission to consider acquisition of Billy Goat Hill ~~[illegible]~~ by any appropriate means ~~[illegible]~~ from the San Francisco Redevelopment Agency; and, be it

FURTHER RESOLVED, That copies of this resolution be forwarded to his Honor, the Mayor, for transmittal to members of the City Planning Commission, the Recreation and Park Commission, the Redevelopment Agency, and to all other interested parties with the request that they take all possible steps to effectuate its intent.

RESOLUTION URGING THE STATE OFFICE OF THE AGING TO DEFER NEW DECISIONS RELATING TO THE FUNDING OF SENIOR NUTRITION PROGRAMS, EXCEPT WHERE FUNDING DECISIONS RELATE TO THE MAINTENANCE OF EXISTING PROGRAMS, UNTIL CALIFORNIA'S SENIOR COMMUNITY IS CONSULTED AND INVOLVED IN THE PLANNING PROCESS.

WHEREAS, Meals are presently being served daily in San Francisco, to approximately 1600 Senior Citizens under Title VII of the Older Americans Act; and

WHEREAS, The city-wide Nutrition Coalition of San Francisco composed of participating seniors, community organizations, and providers of food to seniors, has expressed concern over the process whereby these 1600 Seniors receive food services; and

WHEREAS, The present administrative channels for providing and receiving nutrition for Seniors are under the direction of the State Office of Aging; and

WHEREAS, The Nutrition Coalition, as an advocate for nutrition needs of Seniors, questions the State Office of Aging's consistent pattern of unilateral decision-making as it relates to the fate of Title VII nutrition projects, often causing unnecessary hardship and mental anguish to these predominantly low-income seniors; and

WHEREAS, The lack of senior community involvement in planning and evaluation has contributed to and in large measure given rise to the above mentioned problems; now, therefore, be it

RESOLVED, That the Board of Supervisors of the City and County of San Francisco urges the State Office of Aging, under its new administration, to defer its decisions affecting the future of these Title VII programs, except as these decisions relate to funding to maintain existing programs, until the above mentioned problems can be resolved; and, be it

FURTHER RESOLVED, That copies of this resolution be forwarded to his Honor, the Mayor, for transmittal to the Legislative Committee on the Aging, Speaker of the Assembly Leo McCarthy, Acting Director Dr. Wilson of the State Office of the Aging, Governor Reagan, and to Governor-Elect Brown urging him to give top priority to the nutritional programs for the aging presently under the auspices of the State Office of Aging, and suggesting consultation with the Nutrition Coalition of San Francisco in assessing the nutrition needs of the Senior Citizens of San Francisco.

WHEREAS, A proposed allocation of funds for the three-year program was submitted to, and approved by the Grant Review and Allocations Committee of the Metropolitan Transportation Commission, despite allegations by certain San Francisco civic organizations that San Francisco's Federal Aid to Urban Systems program had not been the subject of public hearings at the local level, and

FILE NO. 6-75 RESOLUTION NO. 68-75

COMMENDING ROBERT J. DOLAN

RESOLVED, That the Board of Supervisors of the City and County of San Francisco, in appreciative public recognition of distinction and merit, does hereby commend Robert J. Dolan, City and County employee, 1937 - 1975, who at all times served the government and the people of San Francisco to the best of his ability.

This resolution is under-stated. Mr. Dolan, in matters of municipal administration, is the experts' expert. Even those who believe that no man is irreplaceable must quiver a bit in this conviction as Bob Dolan retires.

San Francisco will miss him. So will I.

The Honorable Board of Supervisors

Subject: Resolution File No. 6-75

Dear Ladies and Gentlemen:

After reading the subject resolution I thought of disapproving it because the resolution so understated the contribution that Mr. Dolan has made to our City and County government and community. However, I have decided to return the subject legislation approved and added my own amendment.

Sincerely,

Joseph L. Alioto
Mayor

WHEREAS, The Superintendent of Schools has recommended to the Board of Education the elimination of the San Francisco Junior High School Interschool and Senior High School Intramural Athletic Programs for both young men and women, despite the fact that several thousand youth participants are involved and curtailment of the program will leave them without organized sports activities to engage their after-school leisure hours; and

WHEREAS, Athletic programs afford a wholesome and constructive outlet for youthful energies, encourage friendly contests of skill and foster mutual respect and understanding, while conversely, the elimination of athletic programs for all youth is inconsistent with the mandate for, and emphasis on, school integration; and

WHEREAS, It would appear incumbent for protection of the best interests of the children, the school system and the entire community for the Superintendent to support and expand said athletic programs; and

WHEREAS, There are approximately 2,623 young men in junior high school involved in interschool sports, 4,400 young men in senior high school involved in intramural sports and over 7,000 young women of both junior and senior high school level actively participating in the Girls' Athletic Association and interschool sports; and

WHEREAS, The Superintendent's General Fund Budget for the fiscal year 1974-75 is $131,000,000.00, the total amount necessary to fund the athletic programs in question is $196,000.00 which amounts to only

WHEREAS, Coaches have been assigned to intramural programs on a contractural basis; and

WHEREAS, Cutting off funds for said programs would further cut wage earning power at a time of high unemployment; and

WHEREAS, The San Francisco School intramural program cost the Unified School District an average of $.10 per hour; and

AUTHORIZING ACQUISITION BY EMINENT DOMAIN OF CERTAIN REAL PROPERTY IN BLOCK 3806 AND EASEMENTS FOR SEWER RIGHT OF WAY PURPOSES IN BLOCKS 3809, 3944, 4351, 4352 AND 5232 FOR THE NORTH POINT TRANSPORT PROJECT.

RESOLVED, That public interest and necessity require the acquisition by the City and County of San Francisco, a municipal corporation, of the following described real property situated in the City and County of San Francisco, California, as shown and delineated on Department of Public Works Drawing SUR-1974, Sheets 1, 2, 3 (Change 2) and 4, dated September 20, 1974, a copy of which is on file with the Clerk of the Board of Supervisors.

BE IT FURTHER RESOLVED, That said land and easements are suitable, adaptable, necessary and required for the public use of said City and County of San Francisco, to wit: for a right of way for the construction of a pump station and force main sewer line in connection with the North Point Transport Project.

The City Attorney is hereby authorized and directed to commence proceedings in eminent domain against the owner or owners of said land and any and all interests therein or claims thereto for the condemnation thereof for the public use of the City and County of San Francisco aforesaid.

The cost of said property shall be paid from Appropriation No. 3.445.502.423.000 in an amount not to exceed $375,000 unless an additional certification is secured. The Department of City Planning on December 5, 1974, reported this project as in conformity with the Master Plan and by City Planning Commission Resolution No. 7180 found that the Final Environmental Impact Report, dated May 9, 1974 concerning the San Francisco Wastewater Master Plan, and the San Francisco Wastewater Master Plan, Implementation Program

North Point Transport Project, is adequate, accurate and objective, and did thereby certify the completion of said Report in compliance with the California Environmental Quality Act and the State Guidelines; and in certifying the completion of said Report did thereby find that the project as proposed will have a significant short-term effect on the environment, and will not have a significant long-term effect on the environment and that it is the opinion of the City Planning Commission that the Wastewater Master Plan will have a beneficial long-term effect upon the environment.

BE IT FURTHER RESOLVED, That this Board of Supervisors does hereby certify that it has reviewed and considered the information contained in the Final Environmental Impact Report, dated May 9, 1974, a copy of which is on file with the Board of Supervisors.

In the event that the owners of all or some of said lands tender a right of entry, authorizing construction of said improvements on their lands, prior to final agreement for transfer of title to the City and County of San Francisco, the Director of Property is hereby authorized to accept said rights of entry on behalf of the City.

COMMENDING THE MULTI-CULTURE INSTITUTE AND URGING THE SAN FRANCISCO UNIFIED SCHOOL DISTRICT TO IMPLEMENT SIX PILOT MCI PROGRAMS IN SAN FRANCISCO SCHOOLS BY SEPTEMBER, 1975.

WHEREAS, The Multi-Culture Institute, a non-profit educational corporation was organized and incorporated in San Francisco in 1964; and

WHEREAS, The Institute's program is designed to develop self-awareness and self-acceptance in school children by fostering in each child a positive awareness of his or her ethnic and cultural heritage, and the unique aspects of that heritage; and

WHEREAS, MCI also seeks to develop in each child an understanding of others through a mutual sharing of ethnic and cultural heritage; to inscill an understanding and appreciation of values that are common to all cultures; to promote better interracial understanding; and reduce violence on our school campuses; and

WHEREAS, MCI seeks to use heightened self-awareness and self-pride as means of removing barriers which in many children affect their ability to learn and to thereby expand their educational horizons; and

WHEREAS, The MCI program offers the promise of providing a key ingredient in any court-ordered desegregation plan by providing sound, positive, educational reasons for bringing together children of different cultural groups, thereby easing the transition and providing a positive benefit for all the cultural groups affected by school desegregation; and

WHEREAS, MCI has programs in actual operation in public schools in Seattle, Washington, Los Angeles, California, and Mount Vernon, New York; and

BOARD OF SUPERVISORS

WHEREAS, The San Francisco Board of Education did on three previous occasions adopt resolutions supporting the MCI program, the latest being on January 14, 1975, when the Board of Education by a six to one vote adopted a resolution calling for implementation of an MCI program by September, 1975, in four San Francisco elementary schools and two junior high schools using non-local funds; and

WHEREAS, MCI is planning to hold its first National Conference in San Francisco on May 2nd and 3rd, 1975, at which educators from throughout the nation are expected to attend; and

WHEREAS, The greater San Francisco Chamber of Commerce has become a strong advocate for implementing six MCI pilot programs in San Francisco public schools, and as an indication of this support is co-sponsoring with MCI a dinner on February 19, 1975 as part of a drive to encourage the general public to join the "Friends of MCI;" now, therefore be it

RESOLVED, That the Board of Supervisors does hereby once again commend MCI for its dedication to the cause of education and to assisting children who are in need of self-assurance in order to derive maximum benefit from their educational experience; and to fostering a realistic public attitude and appreciation for ethnic and cultural diversity all for the purpose of improving race relations in our community and in our country; and

BE IT FURTHER RESOLVED, That the Board of Supervisors does hereby encourage the Board of Education, its Superintendent, and its entire staff to work diligently with MCI to see that at least six MCI pilot public school programs are in actual operation by September, 1975; and

BOARD OF SUPERVISORS

BE IT FURTHER RESOLVED, That the Board of Supervisors does hereby urge residents of San Francisco and the Bay Area, who are concerned about improvement in our public schools in the areas of pupil academic achievement and better interracial understanding, to join the "Friends of MCI," details about which they may obtain from the MCI office in San Francisco.

RESOLUTION URGING THE CONTINUED FUNDING OF THE CALIFORNIA ARTS COMMISSION

WHEREAS, The California Arts Commission was founded in 1963 to give support to the arts in California; and

WHEREAS, In 1973, the Commission for the first time was funded at a level to allow it to give grants to arts organizations in the state; and

WHEREAS, State grants in the arts, though totalling less than five cents per resident of the state, have had a positive effect in allowing some arts organizations to undertake certain projects and operate at a level which they could not have otherwise; and

WHEREAS, The Commission's two-year experience with grants has heightened consciousness in the Commission and in the arts community regarding the need for and the direction of state support for the arts; and

WHEREAS, The Governor of California has recently announced that he will seek no budget for the Commission but will instead ask the legislature to fund a new California Arts Development Council; and

WHEREAS, The purpose and function of the proposed Council have not been made clear to the arts community; and

WHEREAS, Members of the arts community have serious reservations about the ability of a new arts-support agency to maintain continuity in state arts programs; and

WHEREAS, A break in this continuity could lead to the loss of matching federal funds which presently go to the arts in California; and

WHEREAS, It is not clear that the purposes of the proposed Council could not be accomplished by the restructuring of the existing Commission, eleven of whose members will be up for reappointment by July of this year; and

WHEREAS, The San Francisco arts community stands ready to work closely with the Governor on legislation which will reflect the needs of the arts and of the public served by the arts; now, therefore, be it

RESOLVED, That this Board of Supervisors supports the efforts of the arts community in San Francisco to maintain and strengthen a statewide program of support for the arts; and be it

FURTHER RESOLVED, That this Board urges the Governor to reconsider the proposed de-funding of the California Arts Commission in the coming fiscal year and further urges him to consult closely with the arts community in San Francisco and statewide before introducing new legislation on the arts; and be it

FURTHER RESOLVED, That the Board urges members of the San Francisco delegation in Sacramento to work to restore the budget of the California Arts Commission at an acceptable level; and be it

FURTHER RESOLVED, That copies of this resolution be transmitted to his Honor, the Mayor; the Governor of California; state senators and assemblymen from San Francisco; and the California Arts Commission for such action as they deem appropriate.

URGING THE RECREATION AND PARK COMMISSION TO UTILIZE FUNDS FROM THE ESTATE OF LEROY H. VANE

WHEREAS, LeRoy H. Vane died in January, 1966 and in his last will and testament bequeathed the sum of approximately $50,000 to the Commissioners of the Recreation and Park Department of the City and County of San Francisco for the erection, rehabilitation, construction and establishment of an appropriate building or buildings for the use of senior citizens of both sexes for social recreation; and

WHEREAS, on July 13, 1967 an order and decree of final distribution was filed in the estate of LeRoy H. Vane (Probate No. 175535 in the San Francisco Superior Court) distributing the estate, including such charitable bequest of approximately $500,000; and

WHEREAS, this Board of Supervisors and the Recreation and Park Commission of the City and County of San Francisco have by resolutions, accepted such bequest in accordance with the terms of the last will and testament of LeRoy H. Vane; and

WHEREAS, the Recreation and Park Commission has taken the position that such assets can be used only for a building for social recreation for senior citizens in Golden Gate Park on the premise that provisions of the will of LeRoy H. Vane require such construction to be in Golden Gate Park near the conservatory; and

WHEREAS, there has been substantial community opposition, including that of conservationists and many senior citizens, to the proposed construction of a building for senior citizens in Golden Gate Park; and

WHEREAS, the Charter now prohibits further construction of such buildings in Golden Gate Park without approval of 2/3 vote of members of the Board of Supervisors; and

WHEREAS, on May 9, 1974, the Recreation and Park Commission rescinded a prior resolution it had adopted on August 7, 1969 to build a new senior citizens center at Fulton Street and Sixth Avenue in Golden Gate Park and resolved to use the bequest from the Estate of Vane to rehabilitate the existing center at 37th Avenue and Fulton Street; and

WHEREAS, the Commission made its decision because of (1) action taken by citizens, notably the Committee to Preserve the Vane Estate for Seniors and its legal representative, which caused a delay in any construction on the 6th Avenue site, and (2) on January 31, 1972, the Art Commission of the City and County of San Francisco rejected preliminary design plans for the 6th Avenue site; and

WHEREAS, precious monies in the amount of approximately $37,000 have already been spent on the preliminary plans to build at the new rejected 6th Avenue site; and

WHEREAS, the elderly citizens of San Francisco have a compelling need for additional recreational facilities in the downtown sections of San Francisco, including Chinatown, North of Market, South of Market, and the Inner Mission; and

WHEREAS, the elderly citizens of San Francisco have suffered from the 8-year delay in the appropriate use of funds from the Estate of Vane, in that they still have no additional recreational facilities for their use, and there has been a useless expenditure of a portion of such funds; and

WHEREAS, the Legislative Counsel of the State of California in an opinion dated November 22, 1974, has stated that the funds from the Estate of Vane may be expended by the Recreation and Park Commission for a building or buildings for social recreation for senior citizens in a location other than Golden Gate Park; and

BOARD OF SUPERVISORS

WHEREAS, in a letter dated January 24, 1975 to the Commission on the Aging, the City Attorney has reiterated his opinion that if the Recreation and Park Commission finds it impractical or impossible to construct a senior citizens center in the area of the conservatory in Golden Gate Park, then it may use the Vane bequest to construct a building in another location, either in or out of Golden Gate Park; and

WHEREAS, the Commission on the Aging has suggested that 1/3 of such funds should be set aside by the Recreation and Park Commission for remodeling the existing 37th Avenue Senior center, and 2/3 should be reserved for construction of a social recreation center in Marshall Square as a part of whatever building is to be constructed there; now, therefore, be it

RESOLVED, that this Board of Supervisors does hereby urge the Recreation and Park Commission to give thorough consideration to applying 1/3 of the funds remaining from the bequest of LeRoy H. Vane for the remodeling of the existing 37th Avenue senior citizens center, and to reserving the remaining 2/3 of such funds for construction of a social recreation center in Marshall Square as a part of whatever building is constructed there, or elsewhere in the downtown area; and, be it

FURTHER RESOLVED, that this Board of Supervisors does further urge the Recreation and Park Commission to consider thoroughly acting immediately in cooperation, if necessary, with the City Attorney to effectuate immediately the suggestions of the Commission on the Aging for use of the monies remaining from the Estate of Vane before there is any additional unnecessary expenditure thereof or diminution in value; and, be it

FURTHER RESOLVED, that copies of this resolution be forwarded to his Honor, the Mayor, for transmittal to members of the Recreation and Park Commission with the request that they take all necessary steps to effectuate the intent of this resolution.

FILE NO. 77-75 RESOLUTION NO. 163-75

SUPPORTING THE PRESERVATION OF A MAXIMUM AMOUNT OF SAN BRUNO MOUNTAIN FOR PARK AND RECREATIONAL PURPOSES AND RECOMMENDING LEGISLATIVE ACTION TO PRESERVE MAXIMUM OPEN SPACE ON SAN BRUNO MOUNTAIN.

WHEREAS, San Bruno Mountain is a 3,600 acre open space resource for San Franciscans and all Bay Area residents, and constitutes a physical and visual greenbelt, and if provided with trails, picnic areas, playing fields and the like, would represent a valuable recreational resource for Bay Area residents; and

WHEREAS, The concept of an appproximately 1,300 acre park has been proposed by the County of San Mateo; and

WHEREAS, Approximately 2,300 acres of total land is available for purchase and inclusion in the proposed regional park which would greatly enhace its recreational value; and

WHEREAS, There is a proposal for a commercial, housing and industrial development which would produce a community of 18,000 persons on San Bruno Mountain in a maximum of 8,615 dwelling units; and

WHEREAS, Such development would inevitably produce an increase in automobile traffic on San Francisco streets and on the freeways which will result in increased air pollution and traffic congestion in the Bay Region; and

WHEREAS, Utilization of public transit would produce significant additional demands on public transportation systems which already are heavily subsidized by San Francisco taxpayers; and

WHEREAS, Such a development on San Bruno Mountain would be dependent upon the City and County of San Francisco for other services, such as water and sewage treatment; and

WHEREAS, Such development promises little relief for San Francisco's low-income housing needs; and

WHEREAS, San Bruno Mou ntain is a regional landmark visible from almost every San Francisco neighborhood, and its future is of crucial importance to San Francisco and the Bay Area; and

WHEREAS, The State of California has wisely established State Parks on San Bruno's sister peaks - Mt. Tamalpais and Mt. Diablo; and

WHEREAS, San Bruno Mountain could meet the criteria for open space near a dense urban area that would make the mountain prime territory for inclusion in the Golden Gate National Recreation Area, the State Park System, or a regional park complex; now, therefore, be it

RESOLVED, That this Board of Supervisors supports a diligent search for State and Federal monies to purchase as much open space land as possible on San Bruno Mountain for recreational and open space use - thus preserving ecologically fragile areas and furthering the recreational pursuits of Bay Area and California residents; and, be it

FURTHER RESOLVED, That copies of this resolution be forwarded to the Congressional and State legislative delegations from the City and County of San Francisco and that this Board of Supervisors urges them to take all necessary action to further the purposes of this resolution; and, be it

FURTHER RESOLVED, That copies of this resolution be forwarded to the State of California Department of Parks and Recreation and appropriate regional, county and city bodies in the San Francisco Bay Region.

IN MEMORIAM - DR. LEON GOLDMAN

WHEREAS, The members of this Board of Supervisors have joined with all San Franciscans and people throughout the world in noting with profound sorrow and a sense of pronounced personal and civic loss that death has taken Dr. Leon Goldman, internationally recognized authority in the medical profession; and

WHEREAS, Dr. Goldman, eminent physician and surgeon, sought-after lecturer, prolific author of scientific treatises, brilliant teacher, admired humanist, was the product of sound academic training, tempered, molded and tested in the crucible of experience, and represented the epitome of achievement not only because of his intense professionalism but through the invaluable influencing experiences flowing from the association with his fellow human beings in non-professional pursuits which broaden the scope of understanding, appreciation and compassion so essential to the effective application of medical treatment to the needs of a changing society and service to humanity; and

WHEREAS, The passing of Dr. Goldman takes from the community a learned, talented gentleman in every sense of the word, whose unswerving determination, personal integrity and enlightened knowledgeability took him to the heights of personal and professional attainment, and assured an enduring inspiration to those who would follow in his footsteps, while recording of him that he impressed his years with all the devotion, ability, wisdom, sincerity and generosity that mark the quiet distinction of noble service; now, therefore, be it

RESOLVED, That the Board of Supervisors of the City and County of San Francisco does hereby adjourn its meeting this day out of highest respect to the cherished memory of the late Dr. Leon Goldman; and does hereby direct that suitable copies of this resolution be tendered to the late Dr. Goldman's surviving daughters, the Honorable Dianne Feinstein, President of this Board of Supervisors, Mrs. Walter Banks and Mrs. Bruce Kennedy, as a heartfelt expression of the Board's and the community's deepest sympathy.

URGING THE CITY AND COUNTY OF SAN FRANCISCO LEGISLATIVE REPRESENTATIVES TO AMEND CHAPTER 946, Statutes of 1973, RELATING TO RETROACTIVE HIGH RISE LIFE SAFETY PROVISIONS.

WHEREAS, The San Francisco Board of Supervisors finds that the provisions of Chapter 946, Statutes of 1973, will require that the San Francisco Fire Department and the Bureau of Building Inspection undertake inspection and enforcement activities not previously done which will require additional personnel to be employed at costs to be borne by the City and County General Fund rather than by the State in accordance with SB 90 (1972); and

WHEREAS, The Board of Supervisors of the City and County of San Francisco finds that the provisions of Chapter 946, Statutes of 1973, will require that the City and County will be required to make additions, alterations and modifications to several city-owned buildings due to the requirements of that State law, using City and County General Funds rather than State funds pursurant to SB 90 (1973); and

WHEREAS, The Board of Supervisors finds that the provisions of Chapter 946, Statutes of 1973, impose a three-year time period for all inspections and corrections required pursuant to that State Act, which time period is unrealistic due to thelarge number of buildings in the City and County of San Francisco that are subject to the State law, as well as the limited numbers of design professionals and contractors, to bring about compliance within such time period; and

WHEREAS, The Board of Supervisors finds that the requirements of the regulations developed by the State Fire Marshall pursuant to Chapter 946, Statutes of 1973, have not incorporated the recommendations of the Fire Department or the Bureau of Building Inspection of the City and County and are excessive in their restrictiveness in that such requirements will not provide additional safety to the public commensurate withim the economic, social and physical harm they will do to the City and County of San Francisco; now, therefore, be it

RESOLVED, That the Board of Supervisors of the City and County of San Francisco urgently request the State Legislative Delegation to initiate immediate legislation that will do the following:

1. Require State reimbursement for all costs for inspection and abatement activities and all construction work required on public buildings resulting from enforcement of Chapter 946, Statutes of 1973, as provided under SB 90 (1973).

2. Amend Chapter 946, Statutes of 1973, to extend the time period for compliance to ten years for those local government entities that have more than 100 existing structures within their jurisdictions subject to the provisions of such State law.

3. Amend Chapter 946, Statutes of 1973, to require that the regulations of the State Fire Marshall with regard to retroactive provisions applicable to high rise buildings be based in substantial part on the provisions of the Health and Safety Code, Section 17920.7 (Division 13, Part 1.5, Chapter 2) and that any other provisions to be incorporated into said regulations be consistent with Health and Safety Code Section 17920.7, as to restrictiveness and intent and so that recognition is made of the impact excessively restrictive provisions will have on a locality; and, be it

FURTHER RESOLVED, That copies of this resolution be transmitted to his Honor, the Mayor, for submission by him to the State Legislative Advocate for presentation by the latter to the members of the San Francisco delegation in the State Legislature, State Fire Marshall Albert Hole, the League of California Cities and the County Supervisors Association, with the request that they exert their every influence to effectuate the intent of this resolution.
